

**EXTERNAL  
CONTEXT**

↳ people participating to the workshop

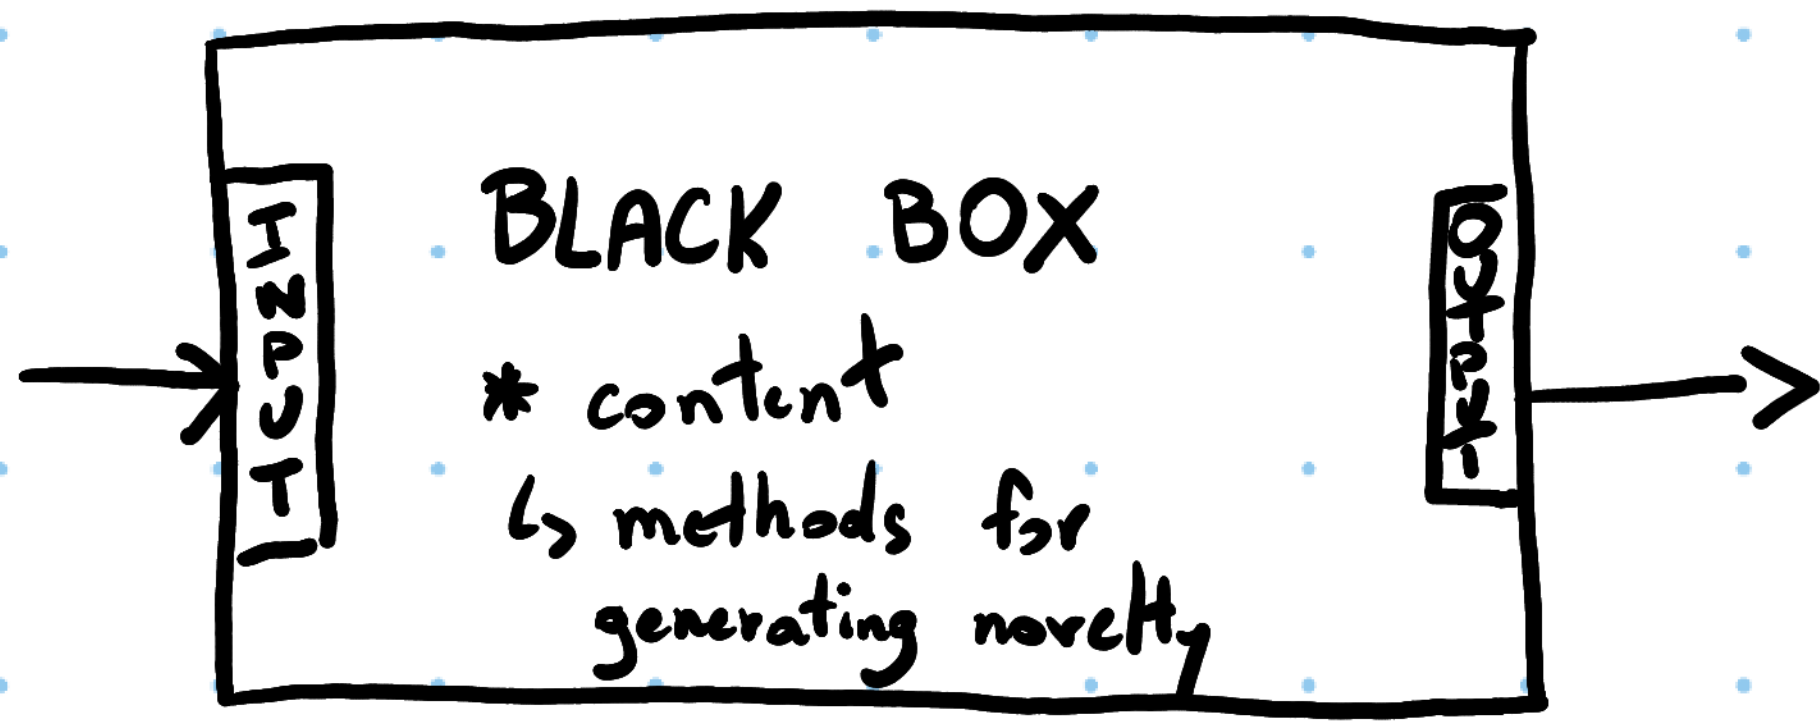

**RELATIONSHIPS**

↳ GOALS:  
\* bridge the gaps  
\* find blockers  
(esp. the non-obvious)

**META-  
CONTEXT**

↳ us, working on the methods  
↳ should help us with processing the input

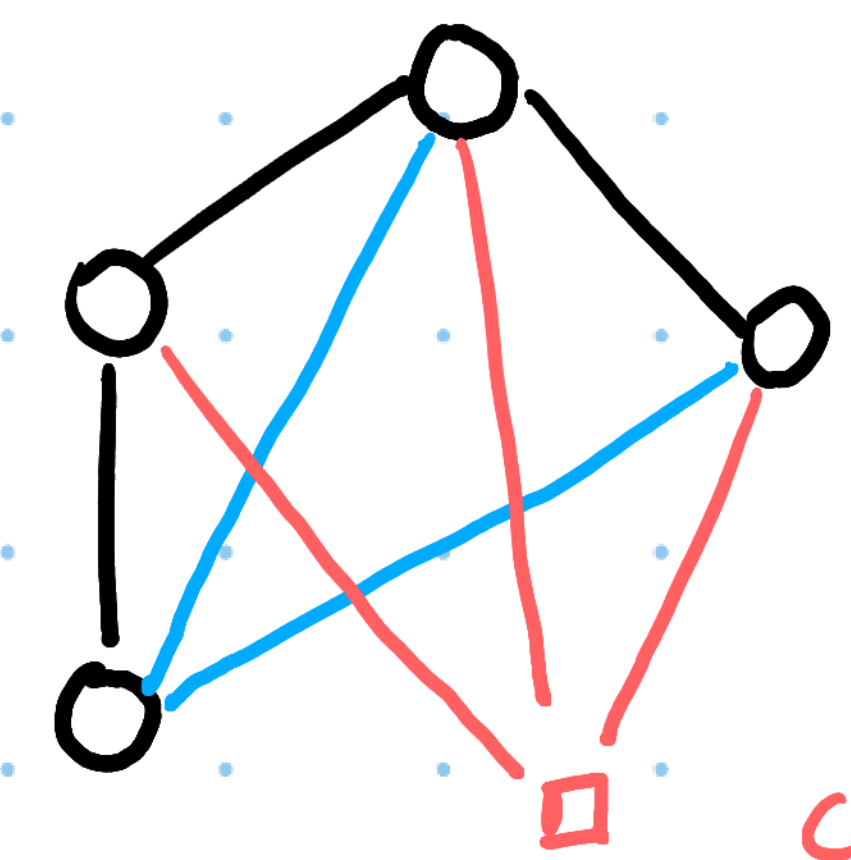

**INPUT:**  
→ Questions we ask to participants  
↳ figure out relationships

**OUTPUT:**  
→ New relationships  
→ Highlighting problems  
→ Find crucial blockers

**PROCESS / METHODS**

- eschewing the obvious (because it didn't work before)
- analyse the answers to the questions to heuristically find the blockers

**EXTERNAL  
CONTEXT**
